9 Ugra, the Dagestani North: anthropology of mobility between the North Caucasus and Western Siberia	176
DENIS SOKOLOV	
<i>Bibliography</i>	194
<i>Index</i>	209

Figures

I.1	Dynamics of GRP per capita in Russia's leading regions	4
I.2	Age distribution of arrivals and departures in regions of the Far North, 2010	5
1.1	Distribution of population of Russia in European and Asian parts by latitudes	19
1.2	Democracy ratings by region	20
3.1	Building site of private garages. Renting garages for car owners during the winter is a substantial source of income for private entrepreneurs	48
3.2	Typical privately owned food store	51
3.3	Wedding garments shops owned by one of the entrepreneurs cited in this text	54
4.1	(a) Predicted number of migrants for Norilsk. (b) Predicted number of migrants for Dudinka	72
4.2	Advertising for buying apartments in St. Petersburg, Moscow, or Belgorod in Norilsk's streets	77-78
4.3	Norilsk youth migration	82
6.1	Winter roads on frozen rivers (<i>zimniki</i>), Siberia's main transportation system	120
7.1	Railway station in Novaia Chara, Zabaikal'skii region	138
7.2	High-rise apartment buildings in Tynda, Amurskaia Province	138
7.3	Installation commemorating the 40th anniversary of the construction of the BAM in Tynda, Amurskaia Province	139
7.4	Evenki reindeer herders' family in their village house, Chapo-Ologo, Zabaikal'skii region	141
7.5	Shift workers at the experimental plant, Udokan deposit, Zabaikal'skii region	145
7.6	Migration dynamics in Zabaikal'skii region (number of residents)	146
7.7	Distribution of migrants in the district of the Far North, Zabaikal'skii region (percent) in 2012	147

7.8	The structure of the international migration from the post-Soviet countries to Zabaikal'skii region in 2013	147
7.9	Dynamics of migrations from the post-Soviet countries to Zabaikal'skii region in 2003–2013	148
8.1	Alyosha, the monument to Soviet soldiers, sailors, and airmen of World War II, which dominates the city	160
8.2	Trends in life expectancy at birth in Murmansk region and the Russian Federation	163
8.3	Brezhnev-era apartment blocks celebrating the Soviet icebreaker Arktika and its polar expedition of 1977	164
8.4	View of Murmansk port	165
8.5	Urban population of Murmansk region based on place of birth, 2010 census	168
8.6	Ethnic groups from Caucasus and Central Asia in Murmansk oblast, 2010 census	169
9.1	Ethnic composition of certain categories of population of Tyumen oblast	180

Maps

1.1	Population in the Arctic regions	2
1.2	The Russian Far North and its administrative status	6
1.3	Indigenous population in the Arctic regions	7
3.1	The Republic of Sakha-Yakutiya	47
5.1	Schematic routes of LDC for the Komi Republic, Yamalo-Nenets, and Khanty-Mansi autonomous districts	90
7.1	The BAM region, cities and field sites	134
4.1	Examples of "cravity zones" in action in major regional centers within the framework of interfamily migratory cycles "South-North-South" (examples revealed by the survey)	65
4.2	The most popular destinations for youth migrating from some Northern cities (no less than 0.5 percent of the total number of primary school graduates) according to the online social network VKontakte	66-67
4.3	"Oxa" cities and social capital (cities with the largest number of positive ratings): high school students of Norilsk (including Dudinka)	69-70
4.4	Comparative preferences of Moscow and St. Petersburg	74
4.5	Social capital of Norilsk and Dudinka dwellers in different social groups (based on the time of residence in the North): those indicating they "have someone to live with for a few days" in the city	74
4.6	Variations of mental space (peaks of attractiveness) and migration preferences	75
4.7	Verisimilitude in the role of strong social ties in the city of potential migration in the choice of migration destination	81
6.1	Population of indigenous peoples of eastern Siberia at the age of 15 years and older, disaggregated by region and level of education	108
6.2	Population of the minority indigenous peoples of the northeastern Far East, based by largely populated areas and disaggregated by gender	108

Таблица 6 уовна

Tables

1.1	Main political trends in Russia's Asian North regions (the lower the number, the more authoritarian; the higher, the more competitive)	18
4.1	Features of migration preferences of different groups of Norilsk and Dudinka dwellers, based on the degree of rootedness	62–63
4.2	Expected level of “interfamily” return migration of Norilsk and Dudinka	65
4.3	Examples of “gravity zones” in action in major regional centers within the framework of interfamily migratory cycles “South–North–South” (examples revealed by the survey)	65
4.4	The most popular destinations for youth migrating from some Northern cities (no less than 0.5 percent of the total number of primary school graduates) according to the online social network VKontakte	66–67
4.5	“Own” cities and social capital (cities with the largest number of positive ratings): high school students of Norilsk (including Dudinka)	69–70
4.6	Comparative preferences of Moscow and St. Petersburg	74
4.7	Social capital of Norilsk and Dudinka dwellers in different social groups (based on the time of residence in the North): share indicating they “have someone to live with for a few days” in this city	74
4.8	Variations of mental space (peaks of attractiveness) and migration preferences	75
4.9	Variation in the role of strong social ties in the city of potential migration in the choice of migration destination	81
6.1	Population of indigenous peoples of eastern Siberia at the age of 15 years and older, disaggregated by region and level of education	108
6.2	Population of the minority indigenous peoples of the northeastern Siberia, listed by largely populated areas and disaggregated by gender	109

6.3	Population of private households in the age range 15–72, disaggregated by economic activity in the subjects of the Russian Federation	122–123
7.1	Composition of residents of the BAM zone (percent) by home regions	142
8.1	Demographic evolution of Murmansk region and Murmansk city, 1926–2010	162
8.2	Registered labor migrants in Murmansk city in 2011–2013 by country of origin	169
9.1	Dynamics of changes in the ethnic composition of Tyumen oblast	178–179
9.2	Comparison of official (2010 census) and expert (field research carried out in 2011–2014) estimates of migrants from the Caucasus to Tyumen oblast	180–181
